

What's the Use of Having It If You Can't Toss It Off? \$ \$ \$ \$ \$ By "Bud" Fisher

You indeed,
Jeff and Mutt
got \$5000 last
week. We
haven't added up
yet to see just
how much they
have left but
they still have
quite some bank
of the stuff.
As Shakespeare didn't
say: "a fool and
his money should be
torn in glass houses."

Today's Market Reports

EAVY BREAK IN CANADIAN PACIFIC IN NEW YORK MARKET

Wire to Evening Herald. New York, April 8.—The wide break in Canadian Pacific which came off below 200 for the first time in many years was the chief development of the morning session, although it affected the rest of the market to a slight degree.

Later there was a recovery when confetti began to show the stimulative effect of Lackawanna's victory in the anti-trust suit. Reading and Hill were run in about a point in this movement. Trading was on a considerably larger scale, the turnover total being nearly four times yesterday's amount in the corresponding period. Bonds were steady.

The market began to drag again in its forenoon rally. No response is made to the Copper Producers' news which showed a reduction in supplies of 13,762,000 pounds.

Weakness of individual stocks caused the market to sag further. Texas Company continued its decline, losing 2 points.

The market closed steady. Lackawanna Steel's large shrinkage in earnings for the last quarter, the ex-

pected increase in United States Steel tonnage figures and dismal comment by steel trade journals intensified the general heaviness.

Closing prices on the more important stocks were:

Amalgamated, 76 3/4.

Sugar, 100 1/2.

Atchison, 87.

Bonding, 165 1/2.

Southern Pacific, 94 1/2.

Union Pacific, 159.

Steel, 62 1/2.

Steel preferred, 110 1/2.
